1. Attached are two sketches [Redacted]
[Redacted] airplane factory 168 at Rostov.
The following comments are keyed to them:

50X1-HUM

1. Central market;
2. Church [Redacted]
3. Rostov-Don Hotel;
4. Small park
5. Tram line 9 stop;
6. Park of rest and culture;
7. Leninsky prospekt;
8. Large white building, purpose unknown;
9. Sports stadium;
10. Cemetery;
11. Viaduct;
12. Apartment buildings, newly built;
13. Sandy road;
14. Small houses on sandy road and border of airplane factory;
15. New building, type of assembly (assembling) hall with sloping glass roof (see detail);
16. Factory with three smokestacks;
17. Building with pointed roof and walls of old stones. Large holes in these walls in which window frames should be set;
18. Building which looks somewhat like an office building. There is an antenna of unknown model on the roof;
19. Open factory hall, presumably newly built, with wooden roof supported by eight posts of structural steel on each side. The front and back are open, that is, without support. Width is about 30 meters. Next to this building is a wind sock;
20. Wind sock;
21. Gate in the wall which runs around the whole area. Behind

this wall two new still-uncompleted three-story buildings with large holes in the wall, evidently eventually for windows. These buildings were definitely not houses, but [redacted] they looked rather like a caserne. [redacted] they had a flat roof, but a roof could well be put on in the course of completion.

50X1-HUM

22. A type of small park, ending by the gate (21). By this small park [redacted] a group of men with a bundle of bread under their arms. They were going to the new construction. Possibly a relief crew in a shift system.
23. Very old model transformer, obviously no longer in use.
24. Caserne
25. Four radio masts.
